Dear Delegates,

“Knowledge is not attained by chance, it must be sought with ardor and attended with diligence.” — Abigail Adams

It is with immense joy and heartfelt warmth that we welcome you to the Indian Endodontic Society Conference 2026, hosted in the historic city of Lucknow, at the prestigious King George’s Medical University (KGMU)—a place where tradition meets innovation, and heritage inspires progress.

The Indian Endodontic Society, with nearly 4,000 dedicated life members, stands tall as the voice of Indian Endodontics on both the Asian and global stages, representing our nation with pride at APEC and IFEA. Each year, we gather not just to share science but to create a collective vision—where research, clinical practice, and innovation come together to shape the future of endodontics.

This conference is more than an academic congregation; it is a tapestry of ideas, woven together by curiosity, collaboration, and compassion. Over the coming days, you will witness engaging keynote lectures, thought-provoking discussions, and hands-on workshops that blend evidence with experience, science with artistry. Every session is designed to challenge our minds, enrich our practice, and inspire our journey forward.

Hosting this conference in Lucknow—the city of Tehzeeb, timeless architecture, and soulful Awadhi flavors—adds a personal touch to our scientific celebration. As you immerse yourself in knowledge within the halls of KGMU, we also invite you to step outside and explore the cultural treasures of Lucknow: from the elegance of Rumi Darwaza to the aroma of kebabs that narrate centuries-old stories. Let this city not just be the backdrop of your learning, but also a cherished part of your memory.

On behalf of the organizing committee, we welcome you to Lucknow.

**Warm Regards,
Organizing Committee IESCON 2026**
